Target Audience

ORL nurses who seek an opportunity to enrich their knowledge and expertise in pediatric and adult ORL nursing practice and who value the opportunity to network with colleagues around the country.

Program Purpose

- Provide an educational program for ORL nurses to advance their knowledge of select pediatric and adult otolaryngology issues effecting patients and families.
- Present new technology and/or research
- Enable networking time with colleagues.

Program Goals

- Examine new advances in the management of select pediatric ORL problems/disorders.
- Discuss the nursing implications in providing care to ORL patients across the age span and their families.
- Initiate development of innovative nursing strategies for patients/families with otolaryngic problems.
- Promote networking with ORL colleagues.
